Action Taken Report 2019-20

- Following an analysis of student feedback, it was observed that a minority of students expressed concerns regarding syllabus completion. As a result, faculty members have been instructed to strictly adhere to the syllabus timeline. They are authorized to schedule additional lectures, organize guest lectures, and conduct remedial classes as necessary to ensure thorough syllabus coverage and student understanding.
- The majority of students have indicated satisfaction with ICT-based learning methodologies. In response, faculty members are encouraged to incorporate advanced ICT tools and techniques into their teaching practices. This includes utilizing multimedia resources, interactive platforms, and digital simulations to enhance engagement and facilitate deeper learning experiences.
- Recognizing the importance of holistic education, faculty have been advised to integrate soft skills, life skills, and employability skills into their curriculum. Emphasis is placed on fostering communication skills, critical thinking abilities, teamwork, and adaptability among students to prepare them effectively for the professional world.
- To maintain teaching excellence, faculty members are mandated to participate in a range of professional development activities. These include attending specialized training programs, engaging in faculty development workshops, enrolling in refresher courses to stay updated with current pedagogical practices, and participating in orientation programs to align teaching strategies with institutional goals.
- The college administration has initiated measures to enhance the feedback mechanism. This includes implementing regular surveys and focus group discussions with students to gather actionable insights on teaching effectiveness, curriculum relevance, and overall student satisfaction. Faculty are encouraged to use this feedback constructively to continuously improve their teaching methods and student engagement strategies.
- In response to student feedback on infrastructure and resources, the college administration is committed to upgrading facilities conducive to learning. This includes improving library resources, upgrading laboratory equipment, enhancing IT infrastructure for online learning platforms, and ensuring adequate access to study materials and technological support.
