

## **Webinar on "Birds of Gujarat"**

The online webinar on "Birds of Gujarat," organized by Government Science College, Vankal on 10 November, 2020, was a resounding success, drawing participants from across the state. Utilizing a virtual platform, the seminar facilitated a seamless exchange of knowledge and ideas despite geographic barriers. The event featured distinguished ornithologists and conservationists who provided valuable insights into the avian diversity of Gujarat. Dr. Rajesh C. Senma, the speaker, delivered a compelling presentation on Gujarat's significance as a key migratory and breeding ground, supported by an array of captivating images and data. The seminar's interactive format included Q&A sessions, allowing participants to engage directly with experts. Session delved into specific topics such as habitat preservation, the impact of climate change on bird species, and effective birdwatching techniques. This webinar was designed to be both educational and practical, equipping attendees with the knowledge to contribute to bird conservation efforts. Additionally, participants were encouraged to join a virtual birdwatching event where they could apply their new skills in a simulated environment. The seminar concluded with a summary of key takeaways and a call to action for increased public involvement in bird conservation. Overall, the online seminar successfully raised awareness about the importance of protecting Gujarat's avian species and fostered a strong sense of community among bird enthusiasts and conservationists.
